= this is grimeton radio station/saq in a transmission using the alexanderson 200 kw alternator on 17.2 khz.

= from a human security perspective, long-term effects of climate change are as much of a security threat as war and armed conflict. women and girls are particularly vulnerable to these threats, as for example with respect to sexual and gender-based violence. the un sustainability goals even referred to as agenda 2030 gives us an opportunity to understand interlinkages and connections between humanity and climate, and for us to act accordingly.

= signed: parul sharma, human rights lawyer and sustainability expert, sweden in cooperation with world heritage grimeton radio station and alexander grimeton friendship association.
